Re: Freedom of Information Act Request **01-RIN-00530-99**

Dear Ms. Sun:

This is in response to your Freedom of Information Act Request of June 11, 1999 regarding the Cranston Sanitary Landfill in Cranston, Rhode Island.

In response to your request I am enclosing the entire CERCLA Site Assessment File for the above-referenced site and a one page printout from the Emergency Response Notification System (ERNS) database.

For information pertaining to underground storage tanks (USTs), you may obtain records regarding registration of UST's from the Massachusetts Department of Fire Services, Underground Storage Tank Program, P.O. Box 1025/State Road, Stow, MA 01775 at (978) 567-3374, and reported releases from the Massachusetts Department of Environmental Protection, One Winter Street, Boston, MA at (617) 292-5851. The Federal law which required owners and operators to notify of UST location, size, age, etc., specified that information be sent to designated regulatory state agencies. For any questions regarding UST's please contact Andrea Beland at (617) 918-1219.

The cost of providing the enclosed information is \$60.30. An itemized invoice covering the charges for search time and copying costs is enclosed. Please forward your check or money order, made payable to the U.S. Environmental Protection Agency, within 30 days of the date of this response. Your check should refer to the RIN number above and should be accompanied by the top portion of the enclosed Bill for Collection. Your prompt payment of the amount indicated will be appreciated.

If you have any additional questions regarding this site, please contact the Rhode Island Site Assessment Manager, Matt Audet, @ 617/918-1449.

Sincerely,

A handwritten signature in cursive script, reading "Cristeen L. Schena".
